SATURDAY EVENING, JUNE 18, 1870.

FOREIGN ITEMS .- All the English newspapers report the Derby day a very dull affair, and the Oaks day duller still. Great satisfaction is expressed at the statement, believed to be well founded, that the Prince of Walss is about to purchase Tallymore Park, the seat of the late Earl of Roden, as his future residence. Jones, the Benham butcher, is reported to have prepared a written statement to the effect that, though innocent of the murder, he received clothes and fifty shillings as hush money · from the real perpetrator. Shirley Brooks is to succeed Mark Lemon as editor of Punch. The prevalence of small pox in Paris still contipues to occupy much attention there, though there was a perceptible diminution of the dis ease. Germany has been visited by a dreadful storm; houses have been carried away, and a large number of persons lost their lives. After the subsiding of the flood hundreds of cattle, interspersed with human corpses and the ruins of houses, were discovered. Of the sixty famifies composing one commune scarcely ten re-main alive. The Berlin journals publish ac counts of an extraordinary suicide in that city An entry was made into the house of a small dealer in the Strasse Sebastian by the police, where they discovered a mother and four children lying on a bed, dead from strangulation, and the father was hanging by the neck be-hind the door. According to a letter received from one of the suicides, by a relative, too late to prevent the terrible catastrophe, it appears that the entire family had consented to die to gether, but the motive for such a resolution remains a mystery. At Glen Farm, near Eoniskillen, Ireland, May 28th, a farmer named Dolan, in a fit of jealousy, brutally wounded his of his wife and killed the child of which she was enciente, afterwards setting fire to the bouse in which she lay. The fire was extin hourly expected. The murderer was arrested.

SWEET QUININE Is a Recent Iroprovement.

Replaces the use of the BITTER SULPHATE

QUININE, with which all are familiar. Dose for dose it is WARRANTED

Fully equal in every way to Bitter Quinine, And, like it, is the one

Great, Positive and Unfailing CURE for all DISEASES OF MALARIOUS ORIGIN.

Fever and Ague, Intermittent Fever, Chill Fever. Remittent Fever,

Bilious Fever, Dumb Ague. and the long train of disorders following there when neglected.

SWEET QUININE

s made solely from Peruvian Park (so is Bitter Quinine,) therefore it is of Vegetable origin, and not a Mineral Poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE acts as an antidote to, as well as a cure for, malarial or miasmatic poison, the absorption of which by the lungs causes Intermittent Fevers, etc. The only advantage claimed for

SWEET QUININE over the use of old Bitter Quinine is the entire absence of that intense, persistent bitterness, which in the latter is an insurmountable obstaele to its use with most persons, and always

with children. SWEET QUININE is in two forms--in Powder, for the use of Physicians and Druggists, and Fluid, for use in the family and for the general public.

WALTHAM WATCHES.

The extensive use of these watches for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these time-keepers.

More than 450,000 of these watches are now speaking for themselves in the pockets of the people-a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which rer. ders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks than the gold prices before the war. There is no other manufacture of any kind in the United States of which this

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public, demonstrated to be essential to correct and enduring time-keep-

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to the best. are used in all grades of Waltham Watches. All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning, ne-

cessary in other watches. Our new patentstem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in all portions of the U.S. where watchmakers do not abound, watches with the sume less fuel than any other stove that has above-mentioned improvements which tend to ever been introduced in this market. He would above-mentioned improvements which tend to nsure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company. To prevent imposition, buyers should see that every watch should bear either of the following trade marks:

American Watch Co Waltham, Mass. Amn. Watch Co..... Waltham, Mass. American Watch Co.,

Waltham Watch Co Waltham, Mass. P. S. Bartlett...... Waltham, Mass. Wm. Ellery Waltham, Mcss. Home Watch Co..... Boston,

P. J. BRANDY, from the Vineyards of Don Pedro J—Los Angeles, Cal. This Brandy stands unrivalled in the Pacific and Atlantic States, and wherever known in this country is considered far superior to French Brandy for medicinal purposes. It is pure, as distilled from the Port and Spanish grape, grown in California, and contains valuable medicinal properties. It is a diuretic and stimlant, acting upon the glands and kidneys, and is preferred by physicians to other Brandies on account of its purify. It has a delicate flavor, similar to that of the Grapes from which it is distilled, and is coming into great favor among the first-class families in New York, Washington, and the principal Atlantic cities. The best connoisseurs pronounce it superb. For sale by WARFIELD & HALL,
